Honorable William S. Moorhead, Chairman
Subcommittee on Foreign Operations and
Government Information
Committee on Government Operations
House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

This is in reply to your letter dated 8 May 1974, requesting that our comments on H. R. 12004 be delivered no later than noon Friday, 24 May. The bill amends the Freedom of Information Act to provide for the classification and declassification of information in the interest of national defense.

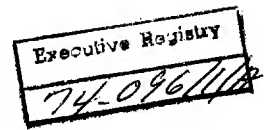

I regret the delay in the submission of our views on your bill. It is a significant piece of legislation which would have a definite impact on this Agency. For this reason it has been given extensive review by those Agency components which would be affected.

Our position on H. R. 12004 has been finalized and I fully expect it will be cleared for submission to the Government Operations Committee by 24 May 1974.

Sincerely,

W. E. Colby
Director

Honorable William E. Colby
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Director:

On January 3, 1974, your agency received a formal request from the House Committee on Government Operations for views on H. R. 12004, my bill to amend the Freedom of Information Act by adding a new section to establish a security classification system to replace the present Executive Order 11652. The bill is cited as the "Freedom of Information Act Security Classification Amendments of 1974." Since then, an identical bill has been introduced in the Senate--S. 3399, sponsored by Senator Lee Metcalf.

Hearings on these and other similar bills have been scheduled by the Senate Intergovernmental Relations Subcommittee for later this month. The Foreign Operations and Government Information Subcommittee is also planning to begin hearings on H. R. 12004 in June. It is likely that your agency will be asked to testify on this legislation at that time.

After more than five months, there has been no response from your agency to the Committee request for views on this important legislation--certainly more than ample time for your legal staff to have given it adequate study. I hope that you will personally express your concern to appropriate officials within your agency over this unreasonable delay in responding to the Committee and that the signed report on this bill be delivered not later than noon Friday, May 24.

Honorable William E. Colby
